Orboros: Brennos the Elderhorn Satyr Character Heavy

Contains one unassembled and unpainted resin/metal model.

An ancient and wizened satyr grown grey and stooped by the weight of almost three centuries, Brennos the Elderhorn commands primordial magic, harnessing the eldritch natural forces of raw elemental power. For decades Brennos has been Morvahna's most reliable sentinel. Though his youthful vigor is a fading memory, he continues to leave the bodies of those who oppose his mistress twisted and broken on the battlefield.
